At The Little Childcare Company (TLC for short!), we are passionate about caring for your little ones.

With 45 years of experience, we look after all aspects of childcare, from providing a fun-filled creche at a wedding all the way to providing a permanent Nanny who will become a new member of your family, and anything in between! We understand how difficult a decision it is to leave your children with someone else.

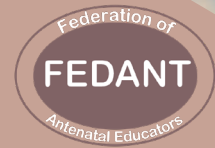

At TLC we take this responsibility seriously - we only use the best childcare professionals, so quality is guaranteed.

We also understand that every child is unique, so we tailor everything to meet the specific demands of our clients. Like what you have heard so far?

Keep reading to find out more.

## **HOT MOM TIP**

**“ Invest in  
a thermal  
mug. ”**

## Wedding

We provide childcare at your wedding, allowing guests to enjoy some adult time, knowing that their little humans are safe and having lots of fun! We offer a bespoke service, which means anything you need we will offer it.

We will start and finish whenever you need us, there is no cut off time. If you require just one nanny or a creche we can offer both. We can take the children in to parts you would like them to be and play with them in another area.

We provide age appropriate activities and toys for the children, which is why parents are given an online form to complete before the big day, so we can ensure your little human have the best day possible.

## Wedding (cont'd)

### **What is included with a nanny?**

A nanny will contact you six weeks before the big day and you will be sent her CV. You will have an opportunity to meet your nanny before the big day.

This allows you and your little ones to get used to each other, as well as let the nanny know what you would like, bedtime routines, allergies and any other important information that they need to know.

The nanny can also do some babysitting before the big day (additional cost) and then this allows a nice date night and time for the kids to get to know the nanny.

Having a nanny at a wedding can really reduce any stress with who is caring for them and allows everyone to relax and enjoy the celebrations.

### What is a wedding creche?

A wedding creche contains all the areas of a daycare/after-school club such as role play, soft play, arts and crafts as well as so much more!

The children are able to mix with different age groups (obviously health and safety comes first, so if they are little babies and older children, we do separate them).

There will be a variety of activities for the children to take part in (plenty of arts and crafts) and free play as well as outdoor play (weather dependant); We usually end the day with a movie on our projector and a party bag.

### What about safety?

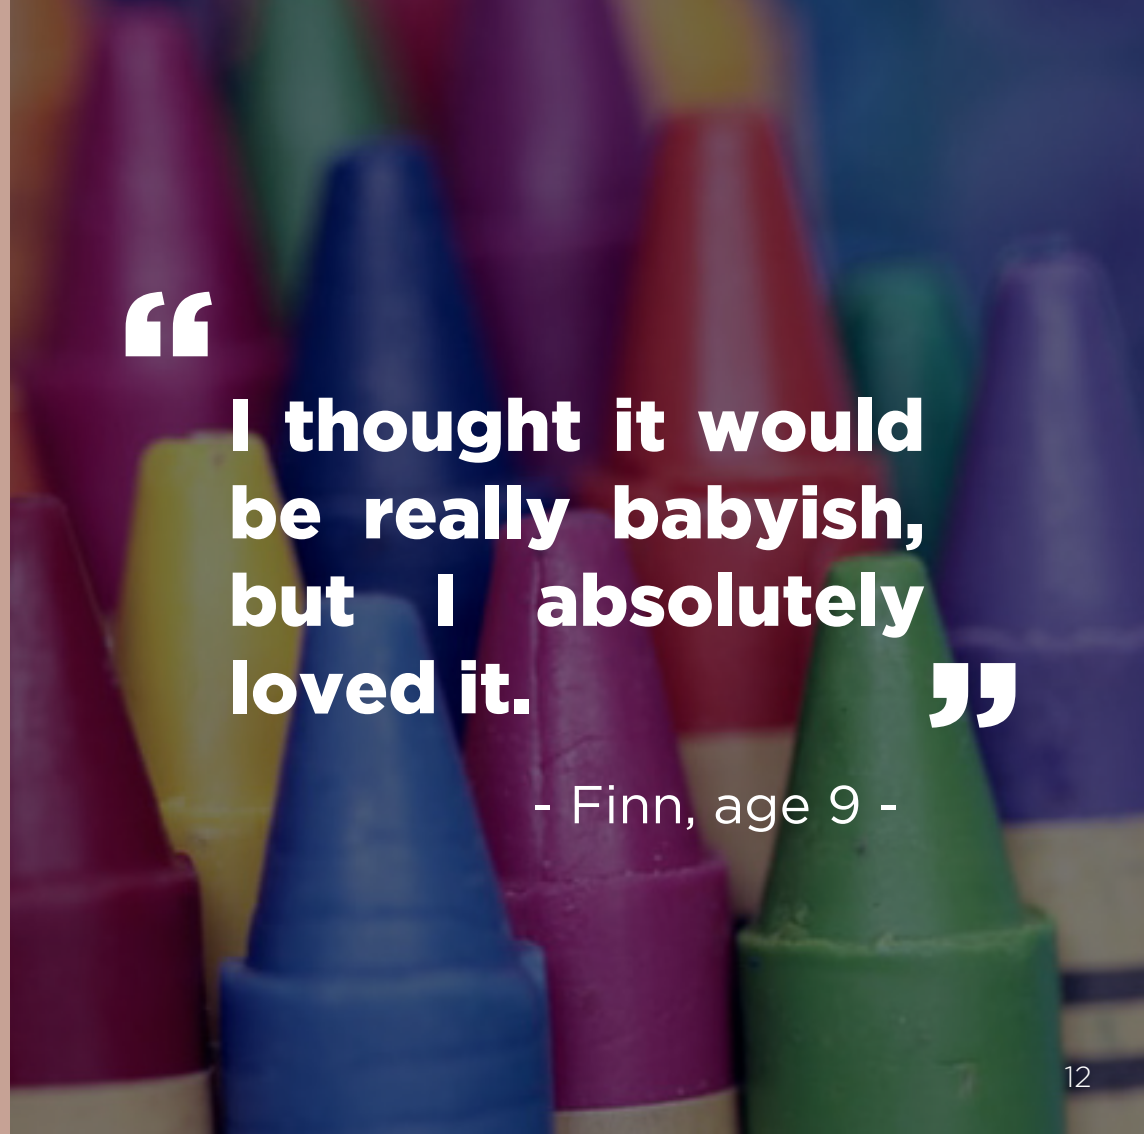

We are regulated by the Social Services Early Years Team, this means that all our staff are police checked, have medical reports from their GP, they must have 3 excellent references and be experienced within the childcare sector. But most importantly, they must be fun and friendly.

Within the creche parents will check their child in, the child will only be allowed to leave with a parent who has provided the password.

The children will be taken to the toilet with two members of staff, they will write down on a form toileting, sleep and eating (this is for under 4s).

All our staff have their safeguarding and Paediatric first aid training.

We do not provide food, but we do help them to eat the venues food.

“

**I thought it would be really babyish, but I absolutely loved it.**

”

- Finn, age 9 -

## Events

Our events are similar to our wedding creches, but on a wider scale. We care for children from 0-12 years old and provide a variety of activities for them. We plan a day of games, activities, team building and free play.

Many parents can sigh a little relief knowing they can attend events/conferences and know that their childcare has been taken care of by the professionals. They can check in on their little ones when they want and they can network at the same time. You will find that our set up is professional and all toys are of high quality.

**HOT  
MOM  
TIP**

**“ Ask  
for  
Help ”**

## Nannies

A nanny is essentially a third parent. They will care for your child's needs and create a positive bond with them. They will become an important part of your child's life. Therefore, it is important to choose the right nanny and we are here to help.

We do the background checks and get to know them and you to try and see if you match. We interview them and then send you their CV, where you will review it and if you like them then you interview them. If this goes well then we suggest a trial for 1-2 weeks.

As we really want to ensure that the fit is right for the long term, chemistry is so important with a nanny and the family. We provide contracts and interview support as well as registering the nanny with the early years team to make sure they are fully vetted and can accept tax free childcare.

## Daycare

We provide emergency staff to day-cares and playgroups. It can be difficult finding the right staff. So, whilst you do that, we are here to provide super staff, who are vetted by the Early Years team and by us.

They can come in from 4 - 37.5 hours and make sure that ratios are correct and that they are helping staff and supporting the little ones learn about the world around them.

They are friendly and reliable and sometimes if you're lucky you will get Simran, our wonderful director!

She loves being with the children and supporting their learning. She is never afraid to pitch in and help your setting.

## **HOT MOM TIP**

**“ Invest in  
Blackout  
Blinds ”**

## Baby Classes

We offer both baby yoga and baby massage on the Ormeau Road. It is a great opportunity to spend some one on one time with your baby and help their development, bonding with your baby and for co-regulation.

All three are so important in helping our little ones progress to being an adult. Our classes are accredited by FEDANT (Federation of Antenatal Educators) so plenty of research has gone into them and ensuring only the best for your little humans.

The classes are all baby led, so if your baby has a need then their needs can be met. Whether you need to feed them, change them, give them a cuddle everything is ok.

Our director Simran is a mum and knows all too well that baby classes do not go how we anticipate. It is a time for you and your little humans to have some good quality time together, without the usual daily tasks and the never ending laundry. There is also time at the end to chat to the other mums.

Our classes do get booked up fast, so be sure to head to our website and book a class. We would love to meet you and your baby.

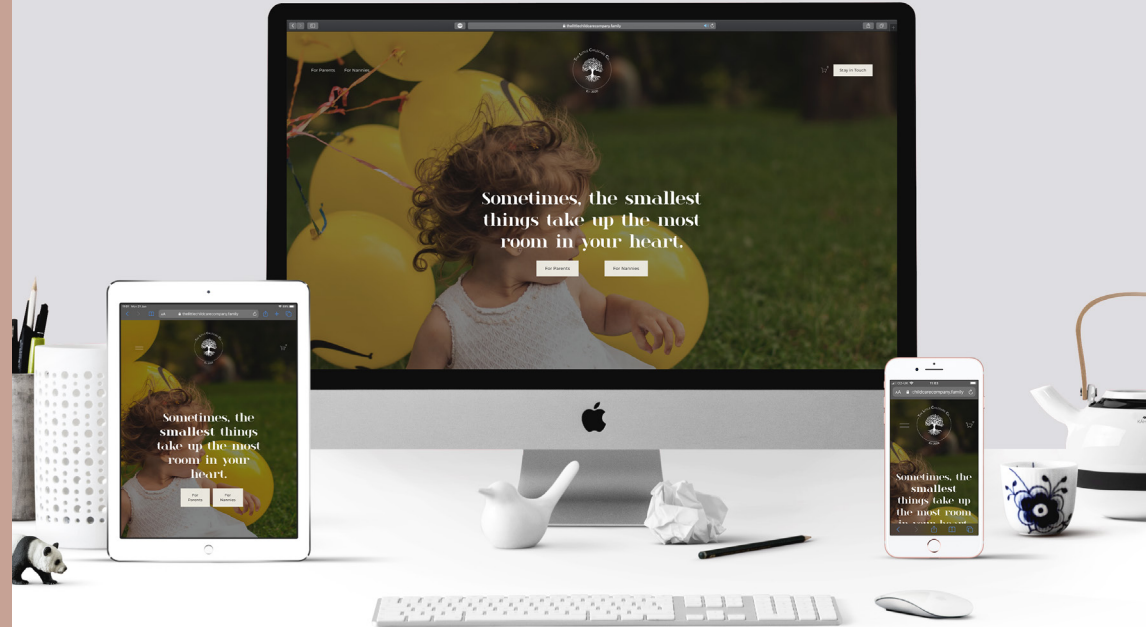

**HOT  
MOM  
TIP**

**“ Acceptance is  
realising that  
there will  
always be  
laundry ”**
